This work was directly translated from the public domain Dutch edition, to English, by David Jonescuc, verbatim, by computer-generated auto-translation. This edition is not to be confused with any other edition that may exist. No other English translation was referenced or consulted in the creation of this one. All similarities are coincidental, and the result of a translation software algorithm and not the creative ingenuity of a human author. This work is to remain in the public domain, and not to be considered an original creation, but simply a direct translation of the Dutch original.
